COMMUNITY-BASED "Got You Covered" videos earned a Series of 10 "Clayton & Candra were able to help get them signed-up through the Marketplace with a great plan. They were so thankful.

During this last open enrollment I had a couple come in to see me and the husband had just been keeping and using health insurance. The work that we do helps to empower consumers to have a greater level of ownership for their own health destinies. This is why I love what I do.

I love doing outreach. I can counsel, educate and assist people in making an informed health care decision. By connecting them to coverage, I am able to help make this transition easier.

I am passionate about my job because I know adjusting to life in the U.S. is stressful for all immigrants. My favorite part of the job is connecting consumers to coverage and what many of them say when they see how affordable their coverage can be…I know people I've helped who have used their health care she needed. I'm glad our team could be there to help her along the way.

My job inspires me because I know that I am part of the history of health care in this country. I know that adjusting to life in the U.S. is stressful for all immigrants. We have a lot of work to do to help people get the care they need. Things are constantly changing. We have to keep learning and staying up to date to help people make informed decisions about their health care.

The most rewarding part of my job is helping people understand their options and making sure they are getting the care they need. By connecting them to coverage, I am able to help make this transition easier. I know people I've helped who have used their health care she needed. I'm glad our team could be there to help her along the way.
