Each Healthy Schools Healthy Communities Collaborative will present highlights on their projects. Half of the grantees will present the first day, and the other half on the second. A presentation schedule will be sent to you before the convening. The presentations will be in a Pecha Kucha 20X20 format. Pecha Kucha is a simple presentation format where you show 20 slides, each for 20 seconds. The slides advance automatically and you talk with them.

This format helps people highlight the most important elements of their work. Each presenting group will have six minutes and 40 seconds to present highlights of your last year. There will not be time to cover all of your grant activities, so we suggest picking out two highlights from the community, two highlights from the schools, and two highlights from the early child care coach. Please also include any policy accomplishments from your work. The school, community, and child care coach should work together to determine the main highlights, and spend time working together to build your presentation. Have fun and be creative! The more fun you have with it, the more engaged the audience will be.

During our upcoming Healthy Schools Healthy Communities convening on October 12–13, schools, communities, and child care coaches will share updates about their progress to date, future plans, and lessons learned. These presentations will be focused on highlighting your HSHC achievements.

Please see below for details and if you have ANY questions, please contact Tracy Sexton.

Day 1 & 2 Collaborative Pecha Kucha
20X20 Oral Presentations

Each Healthy Schools Healthy Communities Collaborative will present highlights on their projects. Half of the grantees will present the first day, and the other half on the second. A presentation schedule will be sent to you before the convening. The presentations will be in a Pecha Kucha 20X20 format. Pecha Kucha is a simple presentation format where you show 20 slides, each for 20 seconds. The slides advance automatically and you talk with them.

This format helps people highlight the most important elements of their work. Each presenting group will have six minutes and 40 seconds to present highlights of your last year. There will not be time to cover all of your grant activities, so we suggest picking out two highlights from the community, two highlights from the schools, and two highlights from the early child care coach. Please also include any policy accomplishments from your work. The school, community, and child care coach should work together to determine the main highlights, and spend time working together to build your presentation. Have fun and be creative! The more fun you have with it, the more engaged the audience will be.

How to create your Pecha Kucha 20x20:

1. Check out other Pecha Kucha presentations.
   Just Google Pecha Kucha—there’s a ton of presentations out there! Here’s a fun one.

2. Check out these videos to get some presentation tips:
   10 Tips to Create and Present Pecha Kucha
   How to Make a Pecha Kucha
   A Pecha Kucha about Pecha Kucha

3. Download our Pecha Kucha PowerPoint template here.
   Insert images and design your presentation. The slides are set to advance automatically after 20 seconds.

4. Practice, practice, practice!
   Practice the presentation with your partners to get the timing down. Timing is key with Pecha Kucha presentations.

5. When ready, upload your slides here.
   Select the “Choose files” box, then browse to locate your saved Pecha Kucha presentation.

Tips/Things to Remember:

- This presentation is a collaborative project between the community lead, child care coach, and schools - plan ahead to make sure all partners have the opportunity for input! Find your child care coach here.

- Feel free to incorporate any data you have, but make sure it’s in context. Use data points that can bring your story to life, beyond what can be shown in a spreadsheet or graph.

- Come with questions you’d like to ask fellow presenters about their efforts.

- Use pictures! Bring props! Anything that tells your stories best and helps us understand what you’ve been doing!
